GPA for Last 4 Terms: **4.11** (All A+ in Relevant Coursework)

Magna Cum Laude

CERTIFICATIONS

HTML & CSS Specialist

JavaScript Specialist

Global Communications Badge

PROFESSIONAL SUMMARY

I'm a front-end developer with a passion for clean, user-focused design. I just graduated *magna cum laude* from Arizona State University with a Bachelor's in Full-Stack Web Development, finishing with a 4.11 GPA and straight A+'s in my major. Currently, I work at Domain Driven Solutions, where I build responsive, multi-page websites using tools like Next.js, React, Tailwind CSS, and ShadCN — all deployed with Vercel. I also work with APIs, Firebase, and Azure to support backend features, and integrate tools like Matomo for analytics. On top of coding, I create brand guides, manage projects in Jira with a Kanban system, and handle version control through branches and pull requests to keep things running smoothly.

WORK EXPERIENCE

Front-End Web Developer

Domain Driven Solutions

December 2024--Present

- **Designed and developed** multi-page client websites using Next.js, React, ShadCN, Tailwind CSS, and Vercel, delivering high-performance, scalable solutions.
- **Implemented SEO optimization** strategies and integrated Matomo for advanced analytics, enhancing site visibility and user insights.
- **Created comprehensive brand guides** to ensure consistency across client projects.
- **Managed projects using Jira** with a Kanban workflow, improving task tracking and collaboration.
- **Gained hands-on experience** in branch management and pull requests, streamlining the development workflow.
- **Built backend functionality** with Firebase and Azure, working with REST APIs, JSON, and OAuth to manage data and enable secure user authentication.

Front-End Web Developer Intern

Global Tech

August 2024-January 2024

- **Developed and implemented** 5+ web projects using HTML, CSS, Javascript, and Bootstrap, ensuring responsive and visually engaging designs.
- **Collaborated with a team** of 4 to design and build fully functional websites on several occasions.
- **Certified in HTML, CSS, Bootstrap, Javascript** showcasing expertise in essential front-end development technologies.
- **Improved GitHub repository management** by documenting processes and ensuring clean reusable code.
- **Key Technologies:** HTML, CSS, Bootstrap, VS Code, Git, GitHub, Javascript
